EVERYTHING ABOUT CHAIRMATS  
RESOURCE GUIDE

# WHY EVERYONE NEEDS A CHAIRMAT

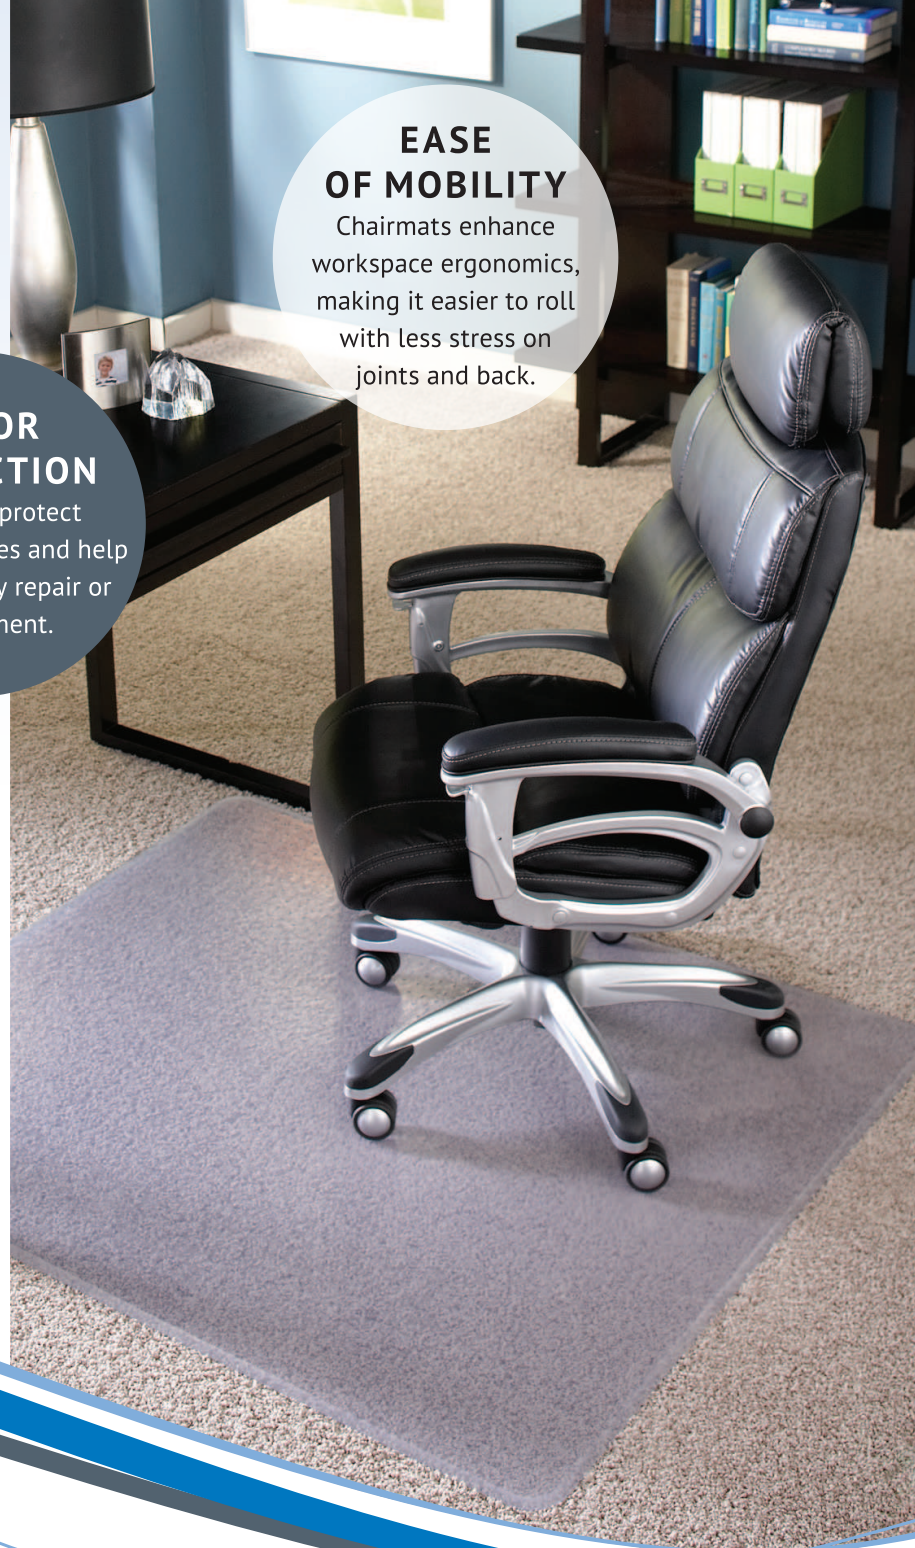

Chairmats are more than a piece of plastic under your chair. Chairmats protect floors...and protect your floor's warranty. Most manufacturers of flooring require use of a chairmat under a chair with casters, or else their warranty is void. Chairmats also provide a smooth rolling surface. Try rolling on a carpet. It takes as much as 80 percent more energy to move a chair on carpet than on the smooth surface of a chairmat. ES ROBBINS ChairMATS provide the best quality, best performing ergonomic solution for your work area.

## FLOOR PROTECTION

Chairmats protect flooring surfaces and help prevent costly repair or replacement.

## EASE OF MOBILITY

Chairmats enhance workspace ergonomics, making it easier to roll with less stress on joints and back.

# WHY SELLING CHAIRMATS MAKES SENSE

When selling office furniture or seating, a chairmat is a natural addition. Like a chair goes with a desk, a chairmat is the perfect complement to a rolling chair. Why lose easy sales when you can be the one stop shop? With ES ROBBINS you'll know you're getting a quality, innovative product that will protect your customer's floor and provide easy movement within their workspace. If you don't sell your customer a chairmat, someone else will!

**CHAIRMATS ARE A SEAMLESS ADD-ON SALE WITH A ROLLING OFFICE CHAIR!**

# WHY ES ROBBINS IS THE CHAIRMAT SUPPLIER OF CHOICE

With over 33 years in the chairmat business, we have the knowledge and experience to help you. From real people to real solutions, our customer service and sales team are chairmat experts dedicated exclusively to our chairmat customers. Owner, Ed Robbins, is actively driving innovations from exclusive chairmats and display systems to new manufacturing processes and material compositions. Get to know ES ROBBINS. We're here for you.

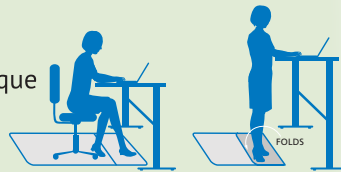

## SOLUTION DRIVEN

Our team oriented workplace drives everyone from veterans of 30 years to newcomers to be involved in providing the best solutions for our customers.

## FEATURING

### SIT OR STAND MAT™

New patented hybrid technology offers a unique dual sit-to-stand desk solution that promotes good health and increases productivity.

### ANCHORBAR CLEAT SYSTEM

Goodbye sharp cleats. Hello AnchorBar! The exclusive cleat system that anchors the mat as securely as traditional pin cleats yet is gentle on carpet and fingers.

### NO CRACK MAT GUARANTEE

Our chairmats will not crack when used in the correct application.

**NO CRACK MAT®**

### MADE IN THE USA

All ES ROBBINS chairmats are manufactured in the USA.

### EVERLIFE® CHAIRMATS

Only chairmat assortment certified for low chemical emissions.

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS:  
UL.COM/GG  
UL 2818

### NATURAL ORIGINS® CHAIRMATS

First clear chairmat made from renewable plant resources.

### TRENDSETTER® CHAIRMATS

Turn ordinary offices into extraordinary workplaces. Vivid images printed on the underside of the mat provide a splash of durable color and style to personalize any carpet or workspace.

**Ed Robbins, owner and inventor, has dedicated the past 40 years to innovating plastics that improve quality of life, work and play.**

## ES ROBBINS TIMELINE

## FLOORING APPLICATIONS

EXTRA-HIGH PILE CARPET

### EXTRA HIGH PILE CARPET

Protects most carpets. Essential for extra-high pile carpets more than 1" thick including padding. High performance chair mat engineered for intensive usage over 8 hours/200+ lbs.

HIGH PILE CARPET

### HIGH PILE CARPET

Protects high pile carpets up to 1" thick including padding. High performance chair mat engineered for intensive usage over 8 hours/200+ lbs.

MEDIUM PILE CARPET

### MEDIUM PILE CARPET

Protects medium pile carpets up to 3/4" thick including padding. All day support for everyday office use. Choose a higher pile chair mat if usage is over 8 hours or 200+ lbs.

LOW PILE CARPET

### LOW PILE CARPET

Protects low pile carpets, like loop/berber style, up to 3/8" thick including padding. For moderate office use. Choose a higher pile chair mat if usage is over 8 hours or 200+ lbs.

FLAT TO LOW PILE CARPET

### FLAT TO LOW PILE CARPET

Protects flat to low pile carpets up to 1/4" thick including padding. For light office use. Choose a higher pile chair mat if usage is over 8 hours or 200+ lbs.

FLAT PILE CARPET

### FLAT PILE CARPET

Protects flat pile carpets, like commercial style, up to 1/8" thick with no padding. For occasional office use. Choose a higher pile chair mat if usage is over 8 hours or 200+ lbs.

HARD FLOORS

### HARD FLOOR

Hard floor chairmat for office and home use. Protects laminate, wood, tile and other hard flooring.
